

## IMPORTANT ACT OF THE UNIONS

The Illinois Federation of Labor Creates a Legislative and Defense Fund for Order.

## TO PAY SALARY

The President Will Receive \$1,200 a Year and Expenses for Devoting All His Time.

Springfield, Ill., Oct. 16.—The Illinois Federation of Labor made radical changes in its constitution. Another important step was the creation of a legislative defense fund.

In the revision of the constitution the position of labor organizer was abolished, and the president of the federation will do this work hereafter. The president must give up all his other work and devote his entire time to the office.

In order to enable the president to do this the salary of the office was fixed at \$1,200 a year and expenses. The salary of the president formerly was \$150 a year and \$1 a day and expenses for the time that he used in organizing unions. He must do all the work of organizing bodies himself, unless there is absolute necessity for additional help. The men who have been holding positions as labor organizers must now seek other lines of work. With the increase in the salary of the president the salary of the secretary-treasurer was raised from \$350 a year to \$100 a month.

**Levy for Defense Fund.**  
For the defense fund an assessment of 10 cents per member and \$10 for all affiliated bodies is to be levied. The money is to be known as the "legislative and defense fund," and used at the discretion of the executive board. President Menche made a vigorous speech in favor of it.

The convention refused to adopt a resolution thanking Senators Putnam, Dawson, Clark, Campbell, Jandus and Stricker, and Representatives Chipfield, Lindly, Schnepfer, Moran and Miller and others for their attitude toward labor. When the resolution was not adopted, a motion was made that the members of the general assembly who had aided the cause of labor should be thanked as a whole, and this was passed without opposition.

**Committee Reports.**  
The committee on resolutions finished its report. A resolution was presented from the Springfield Electrical Workers' union concerning the troubles between the local and the Central Union Telephone company some time ago and asking that a committee wait upon the district manager and endeavor to settle the trouble. The matter was referred to a special telephone committee.

A report was given on the strike situation at Elgin between the employees and the telephone company at that place. The report was that inasmuch as the committee had not been on the ground it did not desire to take any action in the matter, but had referred the question back to the central body at Elgin for final adjustment.

## WEDS WHILE WIFE IS BURIED

**Farmer Marries During Time Divorced Spouse Is Laid to Rest.**  
Haramond, Ind., Oct. 16.—While the funeral of his first wife was taking place a few miles from Crown Point, Otis Guernsey, a well-to-do farmer, appeared before the clerk of the court and secured a license permitting him to wed Minnie Jones. Then the woman and Guernsey hastened before a justice of the peace and had the ceremony performed. The first Mrs. Guernsey was burned to death with W. W. Potter in the Hetzler hotel fire at Cedar Lake. She had left her home and five children at Alnsworth to run away with Potter. She secured a divorce from her husband last spring in Porter county on a charge of cruelty, yet it is said she had again lived with him.

**Defeat for Morocco Sultan.**  
Paris, Oct. 16.—The situation of the sultan of Morocco is gradually becoming desperate. According to official dispatches the minister of war's forces have been defeated and dispersed, causing a general demoralization of the imperial forces.

**International Tennis.**  
New York, Oct. 16.—The Intercollegiate Lawn Tennis association has decided to send a challenge to Oxford and Cambridge for a series of team matches, and another international contest seems likely for the coming season.

**Sultan Is Prostrated.**  
Berlin, Oct. 16.—The sultan is in a state of collapse over the death of his son, Prince Ahmed. He weeps for hours at a time, and constantly prays, entreating Allah to return the boy to him.

## RUSSIA IS READY FOR CONFLICT

A Significant Statement Has Been Given Out Through Recent Official Dispatches.

Paris, Oct. 16.—Official dispatches from St. Petersburg say the Russian ministries of war and of marine have announced that, while not wishing to make any move likely to precipitate hostilities in the far east, yet both departments of the government wish to have it known that they are completely prepared to meet any eventuality.

Officials here have been informed of the progress of the commercial treaty between China and Japan which may have an important bearing on the Russo-Japanese situation. The treaty opens Mukden, the capital of Manchuria, and one other point to Japanese commerce. China's opening of the Manchurian capital to Japan while Russia has not yet evacuated Manchuria is considered significant and as likely to ameliorate the differences.

## UNITES ITALY TO FRANCE

King's Visit to Paris Establishes Better Political Understanding Between Nations.

Paris, October 16.—While there is no thought of an alliance with Italy, there is no doubt in French official circles that the visit of King Victor Emmanuel to Paris will bring about a better understanding, especially on North African questions. The French press is devoting considerable space to this feature of the visit.

The royal visitors accompanied by President and Mme. Loubet, spent the day at Versailles. Tonight there was a gala performance at the opera house.

Rome, Oct. 16.—The talk in official circles tends toward an alliance between Italy and France, as recently suggested by the former foreign minister, Signor Prinetti.

## TAFT WILL END UNION TROUBLES

Typographical Committee's Demands Will Be Fought to the Bitter End.

Manila, Oct. 16.—Governor Taft has wired the war department that he will resist the demands of the typographical union committee appointed to investigate the charge that George Tracy was dismissed from the foremanship of the insular printing bureau for promoting the formation of the union.

He reported that the evidence submitted shows that the action of the public printer was impelled by the failure of Tracy to fulfill the obligation assumed at the time of his appointment and also shows his neglect of the duty involved by obligation mentioned to teach the Filipinos the printing trade.

## AMERICA WITS IN ALASKAN DISPUTE

London Papers Announce That the United States Was Victorious in the Arbitration.

London, Dec. 16.—The Morning Advertiser announces that it regrets to learn from a source which it regards as beyond question that the decision of the Alaska boundary tribunal virtually concedes the American cause.

## WEDS WHILE WIFE IS BURIED

**Baptists Oppose Reed Smoot.**  
Bloomington, Ind., Oct. 16.—The convention of Indiana Baptist churches adopted resolutions against allowing Reed Smoot to be seated as United States Senator from Utah and asking for a constitutional amendment to prevent a polygamist from being elected to the National Congress.

## IMPETUS IN BANANA TRADE

Colon, Colombia, Oct. 16.—The United Fruit company is inaugurating a trade in bananas between the isthmus of Panama and the United States. The first steamer will load for New Orleans direct. A recent hurricane in Jamaica has given a great impetus to the trade.

## JEWS BECOME NIHILISTS

## OUTLAW HERMAN CAPTURED TODAY

STOLE FUNDS OF MINDANAO GOVERNMENT

AND FLED TO THE MOUNTAINS

Supply Officer Johnson, Who Turned Pirate With Him, Was Killed.

(Special By Scripps-Melroe.)  
Manila, Oct. 16.—The capture of Inspector Herman, who stole the funds of the Mindanao government and turned pirate with a supply officer by the name of Johnson, was announced today.

Some Money Recovered  
He was traced to mountains of Negros and seventeen hundred pesos which he had in his possession were recovered. Johnson was killed by the crew of the boat which the pirates had taken.

## PRISON GUARD FOILS ESCAPE OF CONVICTS

New Man Holds Three Desperate Criminals at Bay in Chester Until Aid Comes to Him.

Quincy, Ill., Oct. 16.—Confronted by three of the most desperate criminals in the Chester penitentiary, two of whom had dricks, William Mintie of this county, who was doing his second night's duty as a guard, foiled a conspiracy involving his intended murder and a wholesale escape of convicts. He held the trio at bay in the corridor at the point of a revolver until the captain of the night watch arrived on his rounds and summoned guards, who overpowered the prisoners and reincarcerated them. The men had escaped into the corridor of the cell-house by sawing off the bars of their cells.

Mintie discovered the men just as they were leaving their cells and covered them with a revolver. The prisoners were John Frost, from Macoupin county, and upler life sentence for train robbery and murder; Noah Foster, under life sentence for murder, and Charles O'Dwyer, twenty years for train robbery. Penitentiary Commissioner Clark says Mintie is in line for promotion.

## WOULD BUY A TRUST CONCERN

International Bank of New York Bids for Pittsburg Company.

Pittsburg, Pa., Oct. 16.—It is officially announced at the office of the Public Trust Company here that the International Bank and Trust Company of New York had submitted proposals for the control of the Pittsburg concern and the matter will be considered by a special committee of stockholders. Another proposition has been received looking to the same end by the International Savings and Trust Company of this city. It is reported the International Bank and Trust Company of New York is anxious to establish a branch in this city. The terms of the proposed sale have not been made public.

## BIG LUMBER SUIT IS DECIDED

Charles F. Ruggles of Manistee, Mich., Gets \$1,000,000 by Litigation.

Grand Rapids, Mich., Oct. 16.—It is estimated that Charles F. Ruggles, the former Manistee lumberman, will get almost \$1,000,000 as the result of his litigation with the Edward Buckley interests—the Hughes-Buckley combination, Buckley & Douglas, the Manistee & Northern Railway company and the Douglas Land company. Judge Wing, who was called here to sit in the case, has filed his written findings in the suit with the clerk.

## J. H. TILLMAN IS ACQUITTED

Slayer of Editor Gonzales Is Set Free After Trial at Lexington, S. C.

JURY IS OUT TWENTY HOURS

Defendant Expresses Regret for Death of Man He Shot, But Declares He Did No More Than Any Man Would Under the Circumstances.

Lexington, S. C., Oct. 16.—James H. Tillman has been acquitted of the murder of N. G. Gonzales, editor of the State, who was shot near the Capitol grounds in Columbia Jan. 15 last. The jury was out twenty hours before reaching a verdict. The announcement of "not guilty" was received with cheers by Tillman's friends in court.

Mrs. Tillman and the defendant's mother were not in the courtroom when the verdict was announced, but the former had been apprised of an agreement and was at the jail to await the announcement, and met her husband there. The mother had heard, at her hotel some two blocks away, that the jury had come in and was hastening on her way to the courthouse when she met her son coming out on the street. Learning the result she threw her arms around his neck.

**Notify Senator Tillman.**  
Later all gathered at the hotel, where they received their friends and relatives. Senator Tillman was not present, having gone to his home at Trenton, where his wife is recovering from injuries received in a runaway accident. A telegram was sent him, advising him of the outcome.

Soon after the jury went out, a ballot was taken which resulted in a vote of ten to two for acquittal. Soon after one of the minority joined the majority, leaving one juror standing out. He held to his views and kept the jury out all night. Many of the jurors got no sleep at all during the twenty hours they were locked up.

When the verdict had been announced and the legal formalities had been gone through with, Tillman shook hands with the judge, after which he shook the hands of each of the jurors, and later was surrounded by his friends, who extended their congratulations.

**Regrets Gonzales' Death.**  
The clerk held up the pistols which had figured in the trial and offered them to the defendant, who waived them off, saying:

"They are not mine."  
Mr. Tillman, after his acquittal, made the following statement: "I feel very grateful at the result of the verdict, but at no time did I apprehend any serious consequences. I, of course, deeply regret the death of Mr. Gonzales, but I was forced to do what I did. I have never apprehended a conviction, for I felt that I did no more than any ordinary man would have done under the same circumstances."

Mr. Tillman left Lexington on an afternoon train for his home in Edgefield, accompanied by his wife and friends from his home county.

**Madison Engineer Moved Here:**  
W. B. Jackson and wife have moved to Janesville from the Capital city. Mr. Jackson has charge of the engineering work at the new power plant and will remain here until the work is completed.

**Pump Being Set Up.**—The big pump which was ordered from Chicago the first of the week has arrived and is being set up at the Ford mill today. It is somewhat smaller than the largest apparatus, as only two-thirds of the volume of water is forced through it as in the large pump. A thirty horse power induction motor is to be used to run this machine.

## MUTINEERS ARE FOUND GUILTY

FIVE LEAVENWORTH PRISON-BREAKERS CONVICTED TODAY.

KILLED THE GUARD AND FLED

Seven Other Mutineers Are To Be Tried in Topeka Next Week.

(Special By Scripps-Melroe.)  
Leavenworth, Kan., Oct. 16.—Five United States penitentiary mutineers who have been on trial for murder here were found guilty this morning. The jury in presenting its verdict recommended that the death penalty be not inflicted.

**Killed the Guard.**  
The five prisoners, with twenty others, broke out of the penitentiary two years ago after killing the guard. Seven other mutineers are to be tried in Topeka next week.

## NORTHCOTT RESIGNS OFFICE IN WOODMEN

Accepts Position With Bankers' Fraternal Union of Cleveland at \$6,000 Per Year.

Rock Island, Ill., Oct. 16.—Lieut. Gov. W. A. Northcott of Illinois, at a meeting of the executive council of Modern Woodmen of America here, resigned his position with the Woodmen to accept a position with the Bankers' Fraternal union of Cleveland, Ohio. The Bankers' Fraternal union will pay him a salary of \$6,000 a year. Mr. Northcott retains the office, to which he was elected for life, of past head consultant of the Woodmen, without a salary. He will not remove from the state, but will direct the operations of the Bankers' Fraternal union from Greenville, Ill., his home.

There was criticism of the Woodmen's executive council by some members of the society for employing Mr. Northcott last July at a salary of \$4,000 per year, but at the time he accepted he declined the Fraternal union position he now accepts. Mr. Northcott informed the executive council he did not feel called upon to stand for the criticisms when he was losing \$2,000 a year, because he preferred to continue his relations with the official management of the Modern Woodmen. The offer from the Bankers' Fraternal union being renewed, he insisted that his resignation be accepted.

## PREFERS DEATH TO SUFFERING

Illinois Man Ends Life With Revolver, After Being Injured.

Belleville, Ill., Oct. 16.—Rather than suffer from wounds inflicted by a shotgun which he accidentally discharged himself, George Schweigler, a prominent young farmer of Cahokia, ended his life by shooting himself with a revolver he carried in his pocket. The affair was witnessed by an uncle whom the dead man implored to kill him.

## MOTHER STEWART IS NOT DEAD

Misinterpretation of a Telegram Cause of the Erroneous Report.

Springfield, O., Oct. 16.—"Mother" Stewart, the widely known temperance leader, is not dead, as reported. She is the guest of Mrs. Mary Farnsworth of Hillsville, O. She is awaiting the return of her secretary, Miss Mattie Campbell, who is with Dowle's salvationists now on the way to New York. The report of her death arose through a misinterpretation of a telegram announcing the death of Mrs. Alice B. Stewart of this city.

Peter Culossian, an Armenian, was found murdered in Province R. L. and \$500 which he had collected to found a school is missing.

## WANT TREATY NOW WITH AMERICA

English Parliamentary Committee Wants Arbitration Instrument To Avoid Wars.

London, Oct. 16.—Louis Sinclair, M. P., joint honorary secretary of the house of commons commercial committee, says the committee will now endeavor to secure an arbitration treaty with the United States. Mr. Sinclair has much to do with framing the Anglo-French arbitration treaty.

New York, Oct. 16.—Thomas Barclay, one of the agitators whose work helped the framing of the Anglo-French arbitration treaty, said today that he considered the time opportune to revive the agitation for an Anglo-American treaty and a treaty between France and the United States. He would not consider the work complete till the three great democracies were united by general treaties of arbitration and conciliation which would make war practically impossible.

## EARLS ARE MADE 'CABINET MEMBERS

Fill the Main Government Posts with Members of the Upper House.

London, Oct. 16.—The Earl of Hardwick has been appointed under secretary of state for India and the Earl of Donoughmore, under secretary of state for war.

Sir Charles Tupper, the Canadian expremier, who sailed for Canada today, said Canada was perfectly united in supporting Mr. Chamberlain. He thought a grain of duty of 2 shillings per quarter was small, but would encourage emigration, and help the Canadian farmers. He thought it an excellent thing that Americans were flocking into the northwest in large numbers. This, he declared, would not Americanize the Dominion, because the Americans preferred Canadian institutions to their own.

## AMERICAN HELPS MANY REFUGEES

Rich American Woman Gives Financial Aid to the Poor Bulgarians.

London, Oct. 16.—The correspondence of the London Daily Telegraph on the Macedonian frontier has sent his paper a long description of the refugees arriving at Rila monastery, after fasting for days and sleeping in the open air with the thermometer at 31 degrees, and their gratitude to the monks, who shared with them their black bread and salt and exhausted all their resources to succor the hungry fugitives.

"But this help, despite the sacrifices it imposed on the monks," adds the correspondent, "was but a drop of water in an ocean of fire. Scores of poor people must have perished miserably but for the timely assistance of a benevolent American lady, Miss Balkmetier (formerly Miss Beale of Washington), wife of the Russian diplomatic agent at Sofia, Bulgaria. Without losing a moment this philanthropic lady dispatched \$5,000 and a Sister of Charity to relieve the needs of the innocent outcasts. My companion, Chas. Crane, of Chicago, likewise gave a considerable contribution for the same purpose. When we were leaving the monastery a couple of days later over 600 refugees lined the avenue in front of the doors and insisted on shaking hands with us."

J. L. Dieffendorf, a clerk in the postoffice at Lincoln, Neb., was arrested on the charge of stealing restored letters, and confessed. Deceit letters were used to trap him.

The Ohio state board of health has adopted a resolution to take steps to prevent the sale of "toy pistols and other explosive appendages." Fourth of July accidents are cited as the cause.

C. O. Moore, agent of the Jacksonville and St. Louis at Keyesport, Ill., was fatally injured at Centralia, Ill., by being knocked off the top of a engine by his head striking a water crane.

Albert E. Bell, who has confessed numerous mail robberies, has recovered sufficiently to be taken from the hospital at Denver, where he has been confined, and will be taken to Philadelphia for trial.

## AMERICA WINS BOUNDARY CASE

London Paper Announces the Decision Ahead of Official Announcement of Board.

## NEWS IS RELIABLE

Was Unofficially Given Out at a Banquet, During the Recess of the Arbitration Board.

London, Oct. 16.—The Morning Advertiser announced that it regrets to learn from a source which it regards as beyond question, that the decision of the Alaska boundary tribunal virtually concedes the American case.

The Advertiser, which appears to be thoroughly satisfied as to the reliability of its statement, says the news will be received in Canada with consternation. It gives a map and a detailed explanation, showing how the decision will affect Canada, and adds that those who have followed the argument have been thoroughly satisfied with Clifford Sifton's preparation and presentation of the case.

The decision will mark the achievement of the most wonderful progress ever recorded in the pacific settlement of disputes between nations, as a decision was possible only through the act of some one member of the tribunal in voting against the contention of his own country.

**Establishes American Claim.**  
It has always been conceded that the actual making of a decision would rest with Lord Alverstone, as he has shown throughout the discussions the widest and greatest knowledge of the questions that have arisen.

If he has decided in favor of the claim of the United States it means entire relinquishment of the claim of England and Canada and the permanent establishment of the line always claimed by the United States, and never disputed until a few years ago.

The differences between the United States and Canada depended to a great extent upon a disagreement concerning the terms of the treaty of 1825, by which the United States claimed that Russia's title was established to a strip of land along the coast from the Portland canal to the 141st meridian. The United States asserted that the strip was to be measured from the coast, as it actually exists. The Canadian contention was that the coast should be considered as running in an irregular line, from headland to headland.

**Point of Contention.**  
There was also much discussion concerning the point of commencement of the line of demarcation between the United States and Canada; what is the Portland canal; what course the line should take at its entrance and to what point on the 56th parallel the line should be drawn from the head of the Portland canal. Another question much in controversy was the one whether the Canadian government ever made a formal protest against American occupancy of the disputed territory until after the Alaskan gold discoveries.

In support of its contention the United States' representatives asserted before the tribunal that America would certainly have clashed with Canada, had the latter government ever attempted to enforce its claim.

**United States Is Firm.**  
How firmly the American authorities were determined to stand on what they considered their rights was shown in the course of the reply to the British assertion that Canada's pretensions to control of the head of the Lynn canal were well known to the United States government as long ago as 1886. The claim was really first made, it is asserted in the American argument, before the joint high commission in 1898.

"If the Canadian government," continued the document, "had in fact British vessels to disregard American regulations there would have been a grave danger of a serious collision as if they had been instructed to disregard the regulations of the port of New York."

## BIG TAX BURDEN OF ROCK COUNTY

IS PAYING TOO MUCH AS COMPARED WITH NEIGHBORS.

### RACINE COUNTY COMPARED

Tax Commission's Apportionment Is Shown To Be Unfair by F. F. Livermore.

F. F. Livermore, of Beloit, who is a member of the equalizing board of the Rock County supervisors, has sent the Wisconsin State Tax Commission at Madison a statement of comparative tax assessments of Rock and Racine counties. The statement and figures are based on abstracts of assessment of both counties for this year and either show systematic tax dodging on the part of Racine merchants and manufacturers or unfairness in the apportionment as regards Rock county.

**Last Year's Estimates.**  
Mr. Livermore in his letter to the tax commission reminds that body that in its estimates last year, Rock county was placed first in the First District and third in the state in cash valuation, while at the same time Racine county was ranked as third in the district and tenth in the state.

**Great Wealth of Racine.**  
He points out the fact that Racine is the second city in the state in manufacturing interests, having 120 factories, great and small, of which some of them have value exceeding \$2,000,000 or more and carry over a million of fire insurance each. Its mercantile interests are extensive as becomes a town that boasts of 40,000 population, and its resident districts are in keeping with the large claims of which it represents as much invested capital as an entire block in Beloit or Janesville.

**Some of the Figures.**  
Rock county's assessed valuation in 1902 was \$11,555,991. The state apportionment for that year was \$51,066,795. The state commission therefore raised Rock county's valuation about 10 million dollars. Racine county's assessed value in 1902 was \$31,508,477; her apportionment \$36,761,931. This was a raise of about 5 millions.

**The 1903 Apportionments.**  
The apportionment for Rock county this year is \$57,095,270, a raise of about 6 million more dollars over last year's apportionment. The 1902 apportionment of Racine county is \$40,894,216, a raise of about 1 million dollars over Racine's 1902 apportionment.

**Unfair Discrimination.**  
Mr. Livermore claims that Rock county has been getting the worst of it in these apportionments. He maintains Racine city has so much greater value than the cities of Rock county that it more than offsets the difference in size of the counties. The two counties, he argues, should be rated practically the same.

**The Banking Interests.**  
The total value of Racine county's banks, including capital surplus, undivided profits, as published in the last state report, amount to \$1,022,316. This property is put on the assessment roll as \$750,350, or about 73 per cent of its true value. The total value of Rock county's bank interests, taken from the same report, is \$747,602. The property is put on the assessment roll at \$750,350, or a trifle more than 100 per cent of its true value.

**Racine's Larger Deposits.**  
Rock county has ten regular banks of all kinds and sizes and has total deposits of \$4,114,475 in all the departments of commerce. Racine county, on the other hand, has but six banks but their deposits aggregate \$1,852,001, as shown by the same report.

**Absurd Personal Tax.**  
Racine assessors report a total personal property tax against merchants and manufacturers of but \$56,719. Mr. Livermore contends that the merchants alone ought to pay a tax on that amount and that a conservative assessed valuation for the manufacturers would not be less than 4 million dollars. It appeals to him as systematic tax dodging on the part of Racine tax payers to avoid paying their fair share of the state's expenses.

**Rock County Compared.**  
Rock county, on the other hand, reports, \$1,397,277 for the share on which merchants and manufacturers must pay. Racine city claims 10,000 more population than all the cities and incorporated villages of Rock county. It has four times the factory interests of all Rock county combined. The city of Racine is the wealthiest in the northwest. Rock county is richer than Racine county only in farming interests, but for taxation purposes counties are rated on their ability to pay taxes rather than on their area.

## BARBERS TALK OF RAISING PRICE

Local Men Explain Objections to Fifteen Cent Shaves—Trouble in Madison.

Several weeks ago the local barbers agitated the question of fifteen cent shaves, but after some discussion the talk was dropped. Barbers say that prices for a vast number of commodities have gone up and that there is no reason why they should shave people for the same amount as formerly. With fifteen-cent shaves, they claim that the income would be the same as about a third of the men who get scraped in barber shops now would drop out on account of the difference of price. A West Milwaukee street hair clipper said this morning that the increased price would work satisfactory for the larger shops on the main streets as they could stand the lessened patronage, but the small concerns on the outskirts would suffer materially from the change.

In several towns of the state the question of adopting the increased price for shaves is being considered and a meeting to discuss the subject was recently held in Madison. In the Capital City, there appears to be some friction between the barbers and the journeymen and this matter was also considered but it is known that the fifteen-cent shaves were advocated at that time. Since the last change in rates, when five cents extra was agreed upon for "neck shaves," it has been noticed that a large number of men have stopped having their necks scraped in the shops and it is supposed that if fifteen cents is made the shaving rate, this will include removing the stubble from the neck.

## CATTLE RECEIPTS FOR PAST WEEK

Daniels, Wells & Carpenter Give Their Weekly Letter Service for Farmers

Receipts of cattle this week so far have been nearly 6,000 less than last week at same time but it has not helped our market much, as the strength gained Monday was all lost today, unless on something choice weighing was under 1200, which held about steady with best prices Monday. All other kinds were fully 10c lower with a top, at this writing, 12 M \$5.75.

Owing to the very hard market abroad, the lowest in over six years, heavy cattle have been very hard to sell and prices on that kind have been very uneven but the full extent of the decline every day, in the last two weeks, has been felt on that kind. It is surely very discouraging to those feeders who are in the habit of making their cattle prime to see them go at present prices. The same can be said of butcher stuff as steers, the best selling about steady but the kind coming into competition with western selling about 10c lower. Bulls are selling slowly at the late decline, all the way from \$1.75 to \$4.50, only those good enough for export reaching the latter figure.

**Hogs.**  
The hard knock the packers gave the hog market last week roared against the advance since last Thursday, the advance since that time nearly amounting to the decline last week. Our receipts so far this week are over 27,000 under same time last week and with an improved shipping demand it gave us a chance to get back at them today for the punishment they gave us last week. Today our market opened 10c higher but late in the day urgent shipping orders came in giving us an excited closing market and an advance for the day of 15c to 20c with a top at \$6.20 for one fancy load.

We believe this advance only a "weather breeder" and we will have to take it off just as we did last week, in large chunks, just as soon as we get increased receipts, which will be soon. We think it wise for those having hogs ready for the market to lose no time in marketing them.

**Sheep.**  
Receipts are running pretty heavy this week, over 15,000 against 98,804 last week same time, and prices have suffered in consequence, the decline being 15c to 25c although we had no decline today. Feeding has no decline held steady all fall so far, are 10c to 15c lower now and many have sold this week at

## WOULD RID RIVER OF MANY CARP

Game Warden Has Novel Plan for Capturing the Unwelcome Guest.

It is reported that an enterprising game warden has decided to not only help clear the river and Lake Koshkonong of carp but also to turn his work to account for the benefit of his own pocketbook. Carp can be sold for a few cents a pound in Chicago and the game warden has conceived the idea of capturing a large quantity of these noxious fish and shipping them to the Chicago market.

**Use a Seine.**  
He plans to use a seine which he will place across the mouth of the river and capture the fish as they come into the warmer water from the colder. In this way and with the aid of several electric launches to drag the nets he hopes to capture many thousand pounds of fish. The plan is similar to the salmon method of fishing and should bring excellent results.

**Good Thing.**  
If this plan is carried out it will mean a very good thing for the fishermen of Janesville who like to spend an evening or morning fishing from the bridges. The carp have long been a nuisance and if they are driven out of the river it will mean that other good catch fish will come in their place. The carp like the waters up too much for good clean fish to live in where they are.

## PRETTY PARTY GIVEN THURSDAY

Thirty Little Ones Help Miss Gladys Echlin Celebrate Her Birthday.

About twenty-five ladies of Plymouth surprised Mr. and Mrs. Ulysses Arnold in their home in Newark on Oct. 13, it being the anniversary of Mrs. Arnold's birth the ladies brought with them the wherewithal to serve a sumptuous dinner. The surprise was complete and the party broke up at about 4 o'clock in the afternoon, all expressing themselves as having had a good time and wishing Mrs. Arnold many happy returns of the day and leaving with her a set of silver knives and forks and several other presents as a token of their friendship and regard. Mr. George Hoenshoff from Fremora, Iowa, and an uncle of Mrs. Arnold was also present.

## HOST ISSUES A SHORT CIRCULAR

Gives List of Insurance Companies Not Authorized To Do Business in the State.

On complaints from several parts of the state that fire insurance companies are soliciting business and issuing policies without a license, Insurance Commissioner Zeno M. Host has issued a circular, showing that the following companies are not authorized to do business in this state: American Trust & Insurance, American Underwriters, Commonwealth Insurance, Fireman's Fire Insurance, Great Western Underwriters, Mercantile Fire Insurance, Northern Fire Insurance, the Union Fire Insurance, Imperial Insurance, all of Chicago; the Commonwealth of Virginia; American Trust & Insurance; Investment company of Delaware; also B. A. Shanklin & Co., E. J. Sumner & Co., C. H. S. Weeks, E. T. Marshall & Co., and Charles Brock Jones & Co., all agents, and located in Chicago.

Sadie Strong, San Francisco, had an awful pimply and blotched face. Friends hardly know me since taking Rocky Mountain Tea. Am fair and rosy." 35 cents. Smith's Pharmacy.

Willie Thode, aged 9 years, of Marinette, Wis., was accidentally shot by his brother.

## LAST YEAR'S CROP BADLY DAMAGED

LOSS WILL AMOUNT TO ABOUT TWENTY PER CENT OF CROP.

### REPORTS EXAGGERATED EAST

Last of the Crop of 1903 Tobacco Is Going Into Sheds—Conditions Favorable.

Conditions regarding the new tobacco crop in Wisconsin are extremely satisfactory. The harvest is now over and the curing is going on with favorable results. Weather conditions continue entirely satisfactory so far as rapid curing in the sheds is concerned. Most of the early harvested leaf is now cured out to the stem and for the latter there is no further danger of shed damage. Raising is practically suspended and little buying is going on except in a most straggling way. According to the United States Tobacco Journal, the conditions of the '02 packing as shown by the sampling, is far from satisfactory. While there has been less damage than usual from black rot, the leaf has suffered heavily from white mold and must. It is reported that 15 to 20 per cent of the goods inspected are given marked tickets and will require re-handling.

**Damage Heavy in Lower Grades.**  
In the lower grades the damage has been particularly heavy especially in fillers which have suffered more severely than for many seasons past. There is little doubt that when they have been carried over the sweat every packer of fillers will lose heavily.

As matters stand, the market for Wisconsin filler is in a bad way. The margin of profit is said to have reached the minimum.

With the damage to the '02 crop there can be but little profit, unless the holders can realize a better price than at present seems likely. It is certain that in some instances, there will be heavy losses. Beyond a small number of sales in small lots, there has been no business to speak of, 500 cases were shipped out of the storage from Edgerton during the past week.

**Safely Housed in East.**  
The tobacco crop in New York state has now been nearly all cut and housed without accident. A little still remains on the stem, that was set late, but present weather conditions are so favorable that the growers have little fear. It will be some time yet before enough of the crop is cured to allow of inspection by the buyers, who at this period will say nothing as to price probabilities. Higher figures, however, are confidently predicted by the buyers, who base their arguments on the decreased acreage and increased consumption.

In Ohio, the larger part of the crop has been harvested satisfactorily, but a few small patches, too green for cutting are still in the fields. A few of these in some sections have been touched by the frost but the total damage is very inconsiderable.

## PECK'S BAD BOY GOOD LAST NIGHT

Filled House and Packed Gallery—Watch Mischief Making Youth—Excellent Specialties.

"Peck's Bad Boy" amused a large crowd at the opera house last night, and the bad boy kept things going from the rise of the curtain until the end of the show. From the manner in which the audience applauded the quaint speeches of Max Schultz, the green grocer, there is little doubt but what he carried off the honors of the evening and his wily brogue was true to life. In fact he made a typical Milwaukee Dutchman, Billy Williams as Weary Willie did the usual tramp stunts and was also good. The quartette singing was well received and all of the specialty numbers were above the usual run for this kind of a show. Emmelle Benner sang the King of the Winds in a way which called for repeated encores. One of the best musical numbers was the violin solo by H. F. Bartlett, who reminded his hearers of the far-famed Eddy Foy.

## ROCK COUNTY BOY IN LOSING TEAM

He Will Return to His Beloved Home in the Near Future.

A former Janesville boy, Clarence Beaumont, who at one time played on the Y. M. C. A. baseball team of this city and who has won fame and wealth in the world of sports expects to return to his home in Beloit in the near future.

He is now a member of the famous Pittsburgh team which was defeated last Wednesday in a game with the Boston Americans League which decided the championship of the world.

Beaumont will make a rake-off of \$1,575 for his services during this series of games and he would have received a much larger pile had the Pittsburgh bunch won the great game. It is claimed that the men from The Hub had the better pitchers, anyway, they were too fast for the pirates.

Happy and graceful women congratulate themselves for using A. B. C. Family Tea. It brings health and happiness. 25c a package only. Badger Drug Co.

**TO CURE A COLD IN ONE DAY.**  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grover's signature is on each box. 25c.

## SISTERS' FAIR AT ASSEMBLY HALL

Annual Event, Under Auspices of the Sisters of St. Joseph's Convent, Opens Next Week.

A fair is to be held at Assembly hall beginning October 23 for the benefit of St. Joseph's convent and the Catholic schools in the city. The affair will be in charge of the ladies of the parish who will donate a part of the articles which will be on exhibition. The exhibit will be open every evening until the thirty-first of the month. The works of art to be shown will also be given by friends of the sisters, and by pupils of the schools. Some of these will be for sale, and special tables will be arranged for this class of articles. Smith's orchestra has been engaged to furnish music for the occasion. No definite arrangements have as yet been made for special entertainments but it is likely that some special programs will be planned.

### SOME SCRAPS.

Marriage (said Max O'Rell) is like stage scenery; it looks well from a distance.

Women should have two great aims in life, trying to be beautiful and succeeding in being pleasant.

Princess Henry of Battenberg is an artist of varied talents, having even designed articles of jewelry.

### THE MI-ONA TREATMENT.

Flesh-Forming Food in Tablet Form That Increases Flesh—Guaranteed By King's Pharmacy and Peoples Drug Co.

The discovery of Mi-ona, the remarkable flesh-forming food that builds up good, healthy, solid flesh and makes thinness and scrawiness a thing of the past, has revolutionized medical practice in certain lines.

Its power to do all that is claimed for it was so clearly proven to Peoples Drug Co. and King's Pharmacy that they now sell Mi-ona with the understanding that if it fails the purchase price was to be refunded.

King's Pharmacy and Peoples Drug Co. certainly exhibited courage in taking up this method of selling Mi-ona, but the results have fully proven their judgment that the Mi-ona treatment for stomach troubles, emaciation, general weakness and run down condition is the only efficacious and reliable cure.

Mi-ona possesses healing and soothing qualities that makes it especially valuable in cases of chronic indigestion and dyspepsia. Two or three tablets taken each day in connection with the regular food prove it a true flesh former.

All that many a woman lacks to be positively pretty is a little more flesh on her face. To look haggard or not fat is never becoming. The use of Mi-ona will cure this defect. With every 50 cent box of Mi-ona that King's Pharmacy and Peoples Drug Co. sells they will give a written promise to refund the money if it does not give an increase in flesh and restore strength. What a trifling cost this is if it makes you well; if it fails, the expense is absolutely nothing.

## Lajoie and Wagner.

The Champion Baseball Players of the Year.

Hans Wagner and Napoleon Lajoie—names to conjure with when talking baseball, champions in the two leagues in which they work and the greatest pair of ball players that ever put on a glove or swung the ash.

So long as the greatest of all national pastimes shall be talked about, just so long will these two names be mentioned. Baseball history would not be complete unless a chapter was devoted to them.

Artists both, yet the exact opposite of each other in every attribute that goes to make up a great player—Lajoie and Wagner.

NAPOLEON LAJOIE, CLEVELAND AMERICAN.

Lajoie, captain and second baseman of the Cleveland Americans, tall, of good carriage, clean shaven, the acme of grace when on the move and cool under the most trying situations, he is the ideal athlete; Wagner, shortstop of the Pittsburgh Nationals, big and heavy, shambles rather than walks, bandy legged, clumsy in his movements, excitable and irritable, but withal a master of his craft.

To see Lajoie hold his position is to see the cleanest and most graceful action ever witnessed on the ball field. Wagner is his antithesis. He tears around, digging up the ground and turf, but he accomplishes the same results. What looks difficult for the one is so easy for the other that he loses the credit. Both make the seeming impossible plays, but to the spectator how different!

Lajoie glides over the ground, while Wagner covers it in great leaps and bounds. To the one it is no effort, to the other seeming difficult. But each is just as natural in his style as the other.

Wagner may be bowed in the legs, but no ball ever goes between them. Lajoie may be tall, but he never went higher into the air after liners than has Wagner. Methods may differ, but as far as these two players are concerned results are the same. They are in a class by themselves.

It is not alone in the field that they are dissimilar. Their peculiarities follow them when they step to the bat. Here again are the results the same, for they are the two leading hitters of the country. Lajoie leading the American league and Wagner the National. Official averages tell how close they are together in this branch of the game.

In 129 games Wagner made 182 hits, giving him an average of .350. Lajoie took part in 125 contests and is credited with 165 hits, making his figures read .331. Wagner was 520 times at bat, scored 97 runs, made 6 sacrifice hits and stole 45 bases. In the games in which he took part Lajoie faced the pitcher 480 times, batted 80 times, made 12 sacrifice hits and stole 23 bases.

As between the two men and the argument as to which is the better to have on a team all things favor Wagner.

HANS WAGNER, PITTSBURGH NATIONALS. He is never still, and by his manner and talk gives encouragement to his fellow teammates. Lajoie is quiet and reserved. He does his work, but it is not in the inspiring way that Wagner does it. He seldom speaks while on the field and at times is given to sulking.

## The Taffy Pull

**Karo**  
CORN SYRUP  
The Great Spread for Daily Bread.

is far superior to any other syrup for making taffy or candy of any kind. Try the following recipe. It is convincing.

Put a small tin of Karo Corn Syrup into a kettle holding four times the amount of syrup used and boil over a slow fire for half hour, stirring all the time to prevent boiling over and burning. When it is dropped in cold water becomes hard, snappy, and 1/2 of teaspoonful of carbonate of soda, stir quickly and thoroughly, then pour on greased platter. When cool enough to handle without burning the hands, pull. A little butter rubbed on the hands will keep it from sticking. The more it is pulled the whiter it becomes. Flavor to suit.

Karo Corn Syrup is good for all home uses from griddle cakes to candy. Sold in airtight, friction-top tins, 10c, 25c, 50c. All grocers.

this stylish CLOTHCRAFT overcoat is decidedly the proper thing. Note the broad, swell shaped shoulders—the narrow, close-fitting collar—the graceful outlines of the full skirt. Come in and try on the coat for yourself, and see how much more justice it does you than the ordinary ready-made kind. It will help you look your best—and a prosperous air is half the battle, these days. You can pay twice as much to a custom tailor, but you cannot get better value. Suits and overcoats, \$10 to \$25. A book of styles is here for you—better call for it.

## PUBLIC SERVANTS.

In his address at the unveiling of the statue erected in honor of Gen. Sheridan, Pres. Roosevelt took occasion to speak of the honesty of public servants. His remarks are pertinent to the present post office scandal and clearly show that our republican president firmly believes in honesty in public officials and means to see that this order of affairs is followed. He said:

"We can as little afford to tolerate a dishonest man in the public service as a coward in the army. The murderer takes a single life; the corrupt politician in public life, whether he be bribe giver or bribe taker, strikes at the heart of the commonwealth. In every public service, as in every army, there will be wrongdoers, there will occur misdeeds. This cannot be avoided; but vigilant watch must be kept, and the wrongdoers punished. Remember that in popular government we must rely on the people themselves, alike for the punishment and the information. Those upon whom our institutions cast the initial duty of bringing malefactors to the bar of justice must be diligent in its discharge; yet in the last resort the success of their efforts to purge the public service of corruption must depend upon the attitude of the courts and of the juries drawn from the people."

## THEODORE ROOSEVELT

Whether they be democrats or populists, followers of Bryan or the old democratic donkey all must agree with William Jennings Bryan when he says:

"I am out of politics and will not be a candidate for president again. I will devote the future to law, lecturing, and the publication of the Commoner. It is impossible for any man to tell who will be the next democratic nominee. 'Roosevelt Doubtless, will be the republican nominee. He is a man of character, knowledge and statecraft. No man in the republican party has a firmer hold on the common people, especially in the west. No man can command the respect of nations to a greater degree or wield a stronger influence over the world at large."

## THE MAYOR'S SUGGESTION.

At the last meeting of the Common council, Mayor Wilson recommended that the stone crusher plant be put in condition for immediate use, and that the street commissioner be furnished with suitable material for his work.

The recommendation is a good one, and should be adopted. A little work on the streets before cold weather, will not only put them in passable condition, but will save the city money next spring.

The poorest economy ever practiced is neglect. The crusher plant should be run until winter sets in, and then a watchman should be engaged to take care of the property so that the city will have some protection in case of fire.

A man would be severely criticised who would shut up a \$10,000 house and cancel his insurance, simply because he could not afford to keep a watchman.

That is exactly the policy being pursued by the council with public property. The plant may not have been a wise investment in the first place. Be that as it may, it represents too much in the way of value to be neglected, and the product is needed on the streets as much today as at any time.

## ANOTHER TUSSELE.

Another tussle between a trade union and the United States government occurred a few days ago, this time at Cleveland. Under the civil service rules a non-union engineer was appointed an examination and passed an examination and appointed engineer on the United States tug Quest,

employed in the harbor service. A Capt. Standard was at the same time appointed master and pilot; but on discovering that the engineer did not belong to the tugmen's union he threw up his post and induced others of the crew to do likewise, and instigated a general crusade by the tugmen against the Quest and its officers. Obtaining command of another tug, privately owned, Standard went so far as to refuse to answer signals from the government boat, ran the risk of collision, and permitted his crew to use abusive language when passing it. For these offences he was placed on trial under a statute which provides the penalty of imprisonment for any man found guilty of conspiring against an officer of the government in the discharge of his duties. Faced with such a penalty, the doughty captain surrendered, pleaded guilty, and throwing himself on the mercy of the court was left off with a suspension of his license for 60 days. Just as in the case of Miller at Washington, the right of any citizen to government employment, regardless of union or non-union affiliations, was fully vindicated. Everywhere the government runs "an open shop."

## "POPS" JOYFUL.

The provisions in the will of Philo S. Bennett, of New Haven, by which William J. Bryan is made administrator of an estate worth \$253,000 and is made the distributing agent of \$10,000 to be divided among twenty-five colleges, and of \$10,000 more to be given to aid needy students, will probably afford that gentleman the biggest perplexities of his life. Think of the thousands of eager, horny hands which will be thrust forward from among the six million Pops who voted for him at two presidential elections, and every one of whom will deem he should have a share in that \$10,000 for his boy!

## WEST PROSPEROUS.

Uncle Joe Cannon has been telling some of the Wall street speculators that the notations of the New York stock exchange are not a trustworthy barometer of the financial condition of the country. This is correct. While most of the country's speculative properties have been falling, as measured by the prices on that bourse, the west is highly prosperous, and is becoming more so. Most of the country's great industries are thriving. The railroads have more business than they can handle readily. There are not cars or locomotives enough on the Big Trunk lines to enable them to do all the work that is offered to them, and the shops are not able to turn out rolling stock quick enough to meet the demands. Wall street may be shaky, but the country's great industries are all right.

The little history of "40 years ago" published each evening in these columns reads like a romance, and yet there are many people in Janesville, who are reminded of the days of strife by chapters which memory recalls that are intensely real. The northern copperhead of 1863 was the worst enemy that the nation encountered.

It now appears that Senator Platt was not going to take any chances on that old story of the "Wedding Bells" in his marriage and took a truck in his enemies' sails by going off and being married on the sly.

Alexander Dowle's grand army of invasion for the redemption of wicked New York has safely passed Niagara Falls and now they will soon be in New York.

The Twilight club, at its first meeting tonight, will discuss practical questions, that should be of interest to business men.

Mayor Low, of New York, should try a few of Dry Dollar Sullivan's tactics if he wishes to win out in Gotham.

Boston is a chilly city but they certainly did make things hum for the benefit of the Honorables of London.

Tammany Hall may strike a good sized land slide next election day but nevertheless Dowle is there with them.

## PRESS COMMENT.

Philadelphia North American: An expert accountant has discovered that New York street railway corporations owe the city \$12,183,805.34 in back taxes. It is thought that the 34 cents may be collected.

Washington Post: An Ohio man has invented an improved mail bag fastener, but has not mustered sufficient courage to offer it to the post-office department just yet.

Pittsburg Gazette: The empress dowager of China who is represented to be very ill, may be consoled in her affliction by the thought that there are millions of people sick of the empress dowager.

Washington Post: A correspondent wants to know if Miss Golet, who is to become the duchess of Roxburgh, is handsome. No woman with \$40,000,000 in her own right was ever homely.

Chicago Inter Ocean: Now that we have entered safely upon our second century, let us all unite in an earnest effort to abstain from hot air.

St. Louis Journal: Chicago is now a centenarian. The old lady has used liquor and tobacco as far back as she can remember and is still hale and hearty.

Charleston, (S. C.) News and Courier: The next democratic candidate for president will be Grover Cleveland or some other democrat who follows the Cleveland policies. If the party would win at the next election or in any succeeding struggle for national supremacy, it must get away absolutely from the populist tendencies of Mr. Bryan.

Eau Claire Leader: Boston negroes are denouncing Booker Washington and his theories and methods by resolution, but the negroes are not the only people who fail to recognize their best friends.

Evening Wisconsin: Game wardens would be obliged to newspapers which tell of the number of prairie chickens that Milwaukeeans are shooting if they would tell also about the number of chickens that are brought in under cover; but hunters are doing no bragging as to skill in this latter respect.

Chippewa Herald: Grafting is about all one can hear these days. The country was never so generally shaken up by investigations and exposures, and the resultant good ought to make it worth while if it will put fear into the "bosses" who have made individual everything being done to the public and hoodlums until hoodlums has become a virtue among them.

Waukesha Freeman: There is one thing that should not be forgotten and it is, the man who has to employ labor also has to pay the increased living expenses. This thing is not all on one side by any means. Many small employers of labor are actually having harder times than they did in the years now referred to as less prosperous. All sides must be considered.

## BRIEFLETS

In Justice Court: In Judge Earle's court yesterday a judgment of \$54.91 was rendered in the case of the McCormick Harvesting Machine Co., vs. Herman Topp. A judgment of \$52.68 in favor of the same plaintiff was rendered in the case of McNeil & Higgins vs. H. Ames. The latter action was concerned with a grocery bill. In Judge Reeder's court the case of Julia Myers vs. Johnson & Stevens was adjourned to Monday morning at 9 o'clock.

Much Credit: Much credit is due Officer John Brown for the manner in which he has handled the police matters of the city during the absence of Chief of Police Hogan. Mr. Brown is a very efficient officer and he has ably done the work which has fallen to his lot since Chief Hogan went to Chicago some weeks ago. It is a difficult matter to thoroughly police a city the size of Janesville with as few officers as Mr. Brown had at his disposal and the able manner in which he handled affairs is deserving of much credit.

## American Cotton Mart.

Austrian cotton mills use 318,000,000 pounds of cotton a year, two-thirds of which is American. The cotton is shipped from the United States direct to Bremen or Hamburg, and thence forward by rail or on the River Elbe to its place of destination.

Teaches its students a trade, and then starts them at work. Railroads give our graduates immediate employment and furnish free passes to destination. We have more orders for operators than we can fill, and give students choice of different railroads in many states. Call at our office, and we will show you letters from railroad superintendents in all parts of the country endorsing our school, and sending them to travel on their lines. There are many young men in Janesville and vicinity who would be greatly benefited by a course in this school, because they would be able to find a trade, and then put to work. Nine tenths of the great railroad officials began as telegraph operators, many of them in this school, and there is no other business which offers such opportunities for advancement, and can be so quickly learned, the average time required in our school being less than four months. A good trade is the best possession a young man can have. The superintendent of this division of the Northwestern Railroad was formerly a student in this school, and hundreds of other officials began with us. ## Bessie Anthony.

### Women's National Golf Champion and Her Career.

Golfers are still talking about the recent victory of Miss Bessie Anthony of the Western Women's Golf association in the tournament for the national championship. Her highest athletic ambition is now realized, and her many admirers are gratified to know that their predictions of her ultimate winning of the coveted title have been fulfilled.

Miss Anthony, who is a member of the Glenview Golf club, near Chicago, has been the champion woman golfer of the west for four years. She has

MISS BESSIE ANTHONY, LEADING WOMAN GOLFER.

won nearly all the most important open tournaments within that period. She took permanent possession of the Governors' cup of the Onwentsia club by her third victory last year and has a claim on other cups which are played for annually and must be won three times in order to be retained.

Miss Anthony took up the game of golf at the advice of her physician at a time when her health was seriously impaired. This was in the spring of 1900. Within six months she won the western championship and created much surprise, as it was the first important tournament in which she had ever played.

Miss Anthony in addition to being a clever golfer is also an artist of no mean ability. Several specimens of her painting adorn the walls of the Anthony homestead in Evanston, Ill. She is also clever with the needle. Miss Anthony's three sisters are Miriam, Nellie and Grace. The former is a finished golfer. In the national tournament she lost in the second round, being defeated by Mrs. W. A. Alexander of Exmoor.

By the victory of Miss Anthony the Glenview club becomes the custodian of the Robert Cox trophy for the ensuing year, and Miss Anthony's name will be inscribed on the cup. In addition Miss Anthony will receive a gold medal emblematic of the championship.

The Robert Cox trophy is a perpetual cup and has been up for competition for five years. The names inscribed on the cup are Miss Ruth Underhill, Miss Beatrice Hoyt and Miss Genevieve Hecker, now Mrs. C. T. Stout, who sacrificed her claim to the title by failing to compete in the tournament.

The victory of a western player this year means much to women's golf in the United States. Heretofore it has always been won by an easterner. It would have been considered a calamity in some localities if a western player had not won it this season, especially when the tournament was held over a western course.

### A SPORTSMAN'S PARADISE.

#### Cuba Abounds in Game-Deer and Ducks Plentiful.

Cuba, says a writer who has toured the island on horseback, will in years to come be the sportsman's paradise, for in its wilderness of underbrush turk game and game birds and its streams and lagoons teem with fish.

Deer and smaller game abound in the interior and along the innumerable creeks that flow out into the ocean on either side.

The most numerous of the wild animals to be found in Cuba are the wild hogs. In no other country do these animals roam the woods in such vast numbers that hunting parties are organized to go after them, but this is done in Cuba, and the onslaughts upon them do not seem to materially lessen their numbers.

However, the sport par excellence in Cuba is fowling, as all sorts of birds abound, both on water and land. Ducks are plentiful everywhere where there is water, but the Cuban duck is tough, lean and scrawny and is scarcely ever hunted by the natives, while the ducks which go there from Florida are always to be found and are in great demand for food purposes.

#### Patchen Maid.

Patchen Maid is getting good, and she will be a factor in the races she starts in from now till the snow flies.

#### Single K, a Breedwinner.

Single K, 2:14 1/2, has been a good money getter for A. B. Cummings, as he has won six races this season.

## Stock Books Will Be Closed To the Small Investor Saturday Night. Positively Your Last Opportunity.

IN previous advertisements I have explained to you the possibilities of securing large returns on an investment in the stock of this company. Every statement I have made, is and has been, open to the closest investigation. When I say you have an opportunity to make an investment in stock, which is almost certain to be worth **two or three times its present price** within one year. **I mean every word of it**, speaking from the two year's experience I have had in the business and knowing what I have already accomplished, it is safe for me to say that I confidently and sincerely believe that shares of stock which are offered to you at 50c each will be worth **two or three dollars each in as many years**. Our profits are enormous, the sale absolutely unlimited and we manufacture an article covered and protected by patents and trade marks which no one else can manufacture or sell, therefore we do not recognize competition. Past experience has demonstrated the following facts:

1. Our goods will sell.
2. They give entire satisfaction.
3. Those who have bought, purchased again.
4. 33 1/3 per cent of the women who have given it a practical test have endorsed it.
5. The largest wholesale and retail dry goods merchants in the world are now selling U-Pin-It Hooks and Eyes.
6. Our machines are perfected.

### WHAT THE STOCKHOLDERS WHO KNOW THE BUSINESS SAY.

Office of Livingston County National Bank, Pontiac, Ill.

March 30th, 1903.

U-Pin-It Hook & Eye Co., Chicago, Ill.

Gentlemen:

I am the owner of quite a block of stock in your company and feel confident that in the purchase of same I have made a very good investment. I am satisfied that the article to be manufactured by the company will prove to be a good seller, and that later on the stock will sell very much higher than what is now being asked for it by the company. Later on I hope to be able to secure more of the stock. I have heard a great many people speak very highly of the U-Pin-It Hook and Eye, and nearly all to whom I have spoken think it will prove a great success. I shall be glad when the machines are put in place and the article commenced to be manufactured, as I understand that there will be no question whatever but what all of the output can be sold as fast as the article is manufactured, and at a handsome profit. Wishing you continued success, I am, Very truly yours, D. C. Elyar.

U-Pin-It Hook & Eye Co.,

Dear Sirs:

I have invested \$1,000 in the stock of your company and feel that it will prove a very good investment. I may invest a few thousand more if I can before your stock has all been taken up. Kindly keep me informed as to your industry and oblige. Yours truly, Wm. F. Carroll.

Office of the Clerk United States District Court, Chicago, Ill.

March 31, 1903.

U-Pin-It Hook & Eye Company, Monadnock Building, Chicago.

Gentlemen:

In reply to your letter of the 26th. I wish to say that I purchased some stock in your company, because I knew your Mr. Mills and had confidence in his enterprise and in his ability to push the business successfully, and believe in the possibilities of your company's products. I have always felt that the stock will be profitable as an investment. The removal of your plant seems to be a wise measure, both because it will be near your main offices and Chicago, and also on account of the fact that you will thus be your own manufacturer. As soon as I can, and you are in shape, I shall take the liberty of visiting your factory, to see your machines in operation. Very truly yours, T. C. Mac Millan, Clerk U. S. District Court.

Office of A. Bentley & Sons, Contractors, Toledo, Ohio.

March 27th, 1903.

U-Pin-It Hook & Eye Company, Chicago, Ill.

Gentlemen:

Replying to your letter of March 25th would say that I have invested \$2,000 in stock of your company, and only wish I had more to invest at this time. I have already made three different purchases, and if I should have more money to invest in the near future, nothing would please me better than to secure more shares of your stock. I certainly think that your company has great possibilities in the manufacture of U-Pin-It Hooks and Eyes, and the profits should be very large.

Yours very truly, James Bentley.

March 28, 1903.

U-Pin-It Hook & Eye Co., Chicago, Ill.

Gentlemen:

Replying to your letter of March 26th, I take pleasure in saying that I have invested in your stock, \$1810. If I remember correctly, I made three separate investments. I will be pleased when you have your new machines installed in your plant and hope to have an opportunity of seeing them in operation because they certainly must be wonderful. Yours very truly, C. E. Eymann.

March 27th, 1903.

Office of C. E. Eymann, Dry Goods, Warsaw, Ill.

U-Pin-It Hook & Eye Company.

Gentlemen:

Your letter of March 26th received and am glad to say that I have invested twice in the stock of the U-Pin-It Hook and Eye Co., and have paid in \$1,400. I would not sell my stock for \$2,000 at the present time, and if I had \$5,000 to invest I would put it into U-Pin-It stock. I have been connected with this dry goods store for ten years, and have sold all other hooks and eyes, but I do not believe there is anything on the market that has ever had the sale that the U-Pin-It will have, and I certainly have great confidence in the future of your business, and only wish I had more money to invest in your stock. I think it will only be a question of a short time until U-Pin-It will be the leader in hooks and eyes. We have sold 1-2 doz. each of your large hook and eye to one of our other hook and eye of

the same size. Let me hear from you again shortly.

Yours very truly, Louis Berdolt.

Office of C. Middleton Smith, Real Estate, Chicago, Ill.

March 30, 1903.

U-Pin-It Hook & Eye Co., Chicago, Ill.

Gentlemen:

Replying to your letter of the same date, will say that I have purchased 2200 shares of your stock, and am well pleased with the investment because I feel absolutely sure that you will pay good dividends in the near future. I would like to purchase more of your stock had I the money to spare at this time. As it is I have invested twice already. Yours very truly, C. M. Smith.

Office of Clayton B. Mead, Ph. G., Druggist, Berwyn, Ill.

March 28, 1903.

U-Pin-It Hook & Eye Co., Chicago, Ill.

Gentlemen:

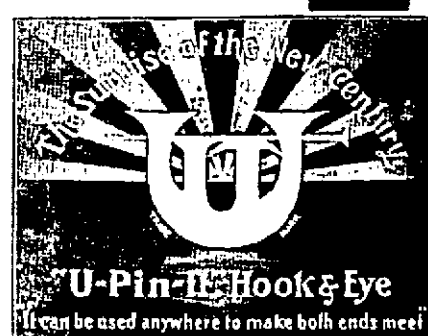

Replying to your letter, would say that I have purchased stock in your company three different times, and now hold 2,000 shares of stock, and would purchase more if I had the money to spare from my business. I have made this investment after considering the matter very closely, and thoroughly believe that I will secure large returns on my investment. Because of my limited capital, I could not afford to invest in any thing I did not think was an absolutely sound business enterprise, which I believe this to be. Wishing you continued success, and regretting that I do not own more of your stock, I am, Yours very truly, Clayton B. Mead.

I have done all I can to prove to you the possibilities of an investment in this company. Our factory is now being established in Janesville. **Next week I will publish a complete list of those who have subscribed for stock and helped bring one of the best enterprises in the country to Janesville.**

APPLICATIONS MUST BE SENT in or left at the Bower City Bank and the Rock County National Bank before Saturday night.

Lot 1 contains broken lines worth from \$1 to 5.50 each and all go at one price

**50c Each**

Lot 2 contains about 30 different styles of the Royal Worcester Corsets worth from \$1 to \$9 each. All new, straight front goods and you can take your choice at

**HALF PRICE**

It is not often that such an offer as this is made to a community. It is not often that a merchant can afford to make such an offer. But under the circumstances, which you understand, we can afford to do it. And because we can afford to do it, WE DO IT.

That is the policy we always follow in our business—to give just as good values as we can afford to give. Buying as we do for two large stores, and always buying for cash we buy cheap—and selling as we do strictly for cash, never losing a cent in bad accounts, we sell cheap. We can afford to do it and we do it. We know it, we want you all to know it.

## COMMERCE COMMISSION GRANTS DELAY TO ROADS

Time for Compliance With Safety Appliance Law Is Given to Many Railroad Companies.

Washington, Oct. 16.—The interstate commerce commission has announced its decision on the application of the railroads for extensions of time for compliance with the amended safety appliance law, effective Sept. 1 last.

The Pennsylvania company is given an extension until July 1 next for its lines east of Pittsburgh, except the Philadelphia, Wilmington and Baltimore, Philadelphia and Erie, Northern Central and the West Jersey and Seashore divisions, which are denied extensions. On the Pennsylvania lines west of Pittsburgh the same extension was given to the Conway yard and the trains in that section.

The commission granted an extension to Jan. 1 next to the remainder of the Pennsylvania lines west of Pittsburgh and to the Lehigh Valley, Grand Rapids and Indiana, Cincinnati, Hamilton and Dayton, Toledo and Ohio Central, Kanawha and Michigan, Cincinnati, Indianapolis and Western, Hoeking Valley and to the Erie lines, except west of Salamanca.

Other extensions are: Zanesville and Western, to Jan. 1 next; Boston and Maine, to Jan. 1, and Albany and Northern and the Hartwell railway, to Sept. 1.

The Long Island and Norfolk and Western withdrew their applications and the Baltimore and Ohio was given until March 1 to equip yard engines with driving wheel brakes and the Colorado Southern and Denver and Rio Grande until July 1 to apply for congressional authority for substituting the water brake for driving wheel brake on narrow gauge locomotives.

## END OF SOUTHERN IRON POOL

Agreement to Curtail Production Meets With Little Success.

Birmingham, Ala., Oct. 16.—Prospects of unanimity of action on the part of Southern iron operators either as to curtailment of production or holding up prices have vanished into thin air. New York commercial papers assert that the Southern iron pool has been dissolved and inquiry of local operators does not disguise the fact. The agreement to curtail production has not been generally accepted and there is a general lack of co-operation.

## ALL WORKMEN NEED A DAY OFF

Employer of Labor Says Company Loses Unless Employees Rest.

Kansas City, Mo., Oct. 16.—Addressing the annual convention of the Roadmasters' and Maintenance of Way association, A. Morrison of Pittsburgh advised his hearers to treat their men with consideration. "Give your men one day in seven to rest," said Mr. Morrison, "and let that day be Sunday. The company loses money on every man who does not rest one day in seven."

## WRIT OF HABEAS CORPUS IS DENIED

Supreme Court Refuses to Hear De Kalb County Courthouse Case.

Springfield, Ill., Oct. 16.—The petition for writ of habeas corpus, by which it was sought to bring the De Kalb county courthouse "out before the Supreme court," has been denied. In a verbal decision Chief Justice Brand declared that the matters in controversy are purely local, and must be passed upon by the local courts before the Supreme court can be appealed to. He declared it to be the policy of the court to deny relief of this sort, except in cases of great public interest, or where immediate relief by the court is absolutely necessary.

## Unique Wedding.

Peoria, Ill., Oct. 16.—John Haebecker and Susie Schaeffer of Morton, Ill., came to town to get married. Desiring to have a unique wedding, they arranged with Justice Fox that he should perform the ceremony on the top of the city hall.

## To Wed Labouchere's Daughter.

Paris, Oct. 16.—A Rome dispatch says the marriage of Marquis Carlo Rudini, son of the ex-premier, and Dora, daughter of Henry Labouchere, the English member of parliament, will take place at Florence toward the end of the month.

## Marshal Loses Place.

Washington, Oct. 16.—President Roosevelt has removed Marshal Fred A. Field of the District of Vermont for dereliction of duty in permitting the escape of three Chinamen entrusted to him for deportation.

## To Sell Consolidated Assets.

Sault Ste. Marie, Mich., Oct. 16.—Arrangements have been made to complete the sale of assets of the Lake Superior Consolidated Company to English capitalists.

## Centenarian Weds.

Cleveland, O., Oct. 16.—George Dogwood, aged 102, the oldest man in Brown county, Ohio, was married here to Miss Alice Weaver, aged 50.

## Runs Away From Dowle.

Shelby, O., Oct. 16.—Bertha Tipple, aged 12, arrived here, having run away from Dowle's city to come to her sister, Mrs. Albert Peltier.

## Russian Official Is Robbed.

St. Petersburg, Oct. 16.—General Alexieff, an official of the Czar's household, has been robbed of 10,000 lire Turin.
